## **INTEGRAL Announcement of Opportunity**

### **for AO-19 Cycle Observations Proposals**

Dear Colleague,

I am very pleased to invite you to respond to the 19<sup>th</sup> “Announcement of Opportunity” by submitting proposals for observations to be performed with the International Gamma-ray Astrophysics Laboratory (INTEGRAL) satellite.

The gamma-ray observatory INTEGRAL is the second medium-sized mission of ESA’s Horizon 2000 Science Programme. It was launched on a Proton rocket on 17<sup>th</sup> October 2002 and offers astronomers a unique opportunity to perform high resolution spectroscopy in the energy range from 20 keV to 8 MeV (Spectrometer SPI) and high angular resolution imaging in the energy range from 20 keV to 10 MeV (Imager IBIS). Concurrent monitoring of high energy sources is performed by the co-aligned monitors in the 3 keV to 35 keV X-ray band (X-ray Monitor JEM-X) and in the optical wavelengths (V, 500 – 600 nm) by the Optical Monitoring Camera OMC.

../..

This Announcement solicits proposals for observations to be carried out in the period from January 2022 to December 2022 offering about 21 Ms scientific observing time. Proposers from all over the world are welcome to participate. All proposals will be subject to an independent peer review by the INTEGRAL Time Allocation Committee (TAC). Potential proposers are expected to prepare and submit proposals in electronic form by the deadline given below using the INTEGRAL Proposal Generation Tool software. The documentation, proposal submission and support software for this Announcement are being made available via the Internet at:

<http://integral.esac.esa.int/>

The key milestones for this Announcement are:

Release of Announcement of Opportunity:	1 March 2021
Due date for Proposals:	9 April 2021 - 14:00 CEST
Final TAC approved programme:	18-20 May 2021
Start of AO-19 Observations:	1 January 2022

I wish you success with your proposals to use the INTEGRAL observatory.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Günther Hasinger', with a long horizontal stroke extending to the right.

Prof. Günther Hasinger  
Director of Science
